

IECA Class Rule Change Permission Notice of Race Language

In accordance with WS regulation 10.5e and Class Rule A.6.1, World Sailing has granted approval to the International Etchells Class Association to permit a change to Class Rule C.5.1(b) at Etchells events through May 30, 2025. The event NOR must allow for the change (as permitted by RRS 87) and the accompanying permission from World Sailing must be posted on the Official Notice Board for the event.

IGC-approved wording for the NOR below and in three separate NOR items. The first changes the class rule per the IGC resolution and WS permission. The second and third (if applicable depending on what functionality the OA has selected) give more information about the unit and functionality and specifies that redress will not be given. The second two NOR items use Vakaros as an example.

- 1.X Class Rule C.5.1(b) is amended to add: (17) Electronic devices with the following functionality [*list here the functionality from the change permission the OA has selected*]. This change is permitted by RRS 87 and written permission is posted on the Official Notice Board.
- 1.X The Vakaros RaceSense system will be utilized by the Race Committee (RC). This changes RRS 41(c). A working Vakaros Atlas 2 configured for RaceSense at check-in shall be mounted above any other instruments on the aft side of the mast at all times while racing. Each boat shall either provide a working Atlas 2 at check-in for configuration with RaceSense, or an Atlas 2 will be provided by the Organizing Authority (OA) for a fee.
- 1.X Failure of an Atlas 2 or the RaceSense system shall not be grounds for opening a hearing considering redress. This changes RRS 60.1(b).
